A TRIBUTE to . . .

. . . Miss Bankard

The graduating class of '65 would like to salute Miss Helen Bankard, who is practically a tradition at T.H.S. Her memorable signature on papers, tardy slips and absent slips makes everything official. A school day would not be complete without seeing her hustle through the halls. Miss Bankard, your dedication and persistence have been and will continue to be a guiding light to the students at T.H.S.

DEDICATED to Our Maryland

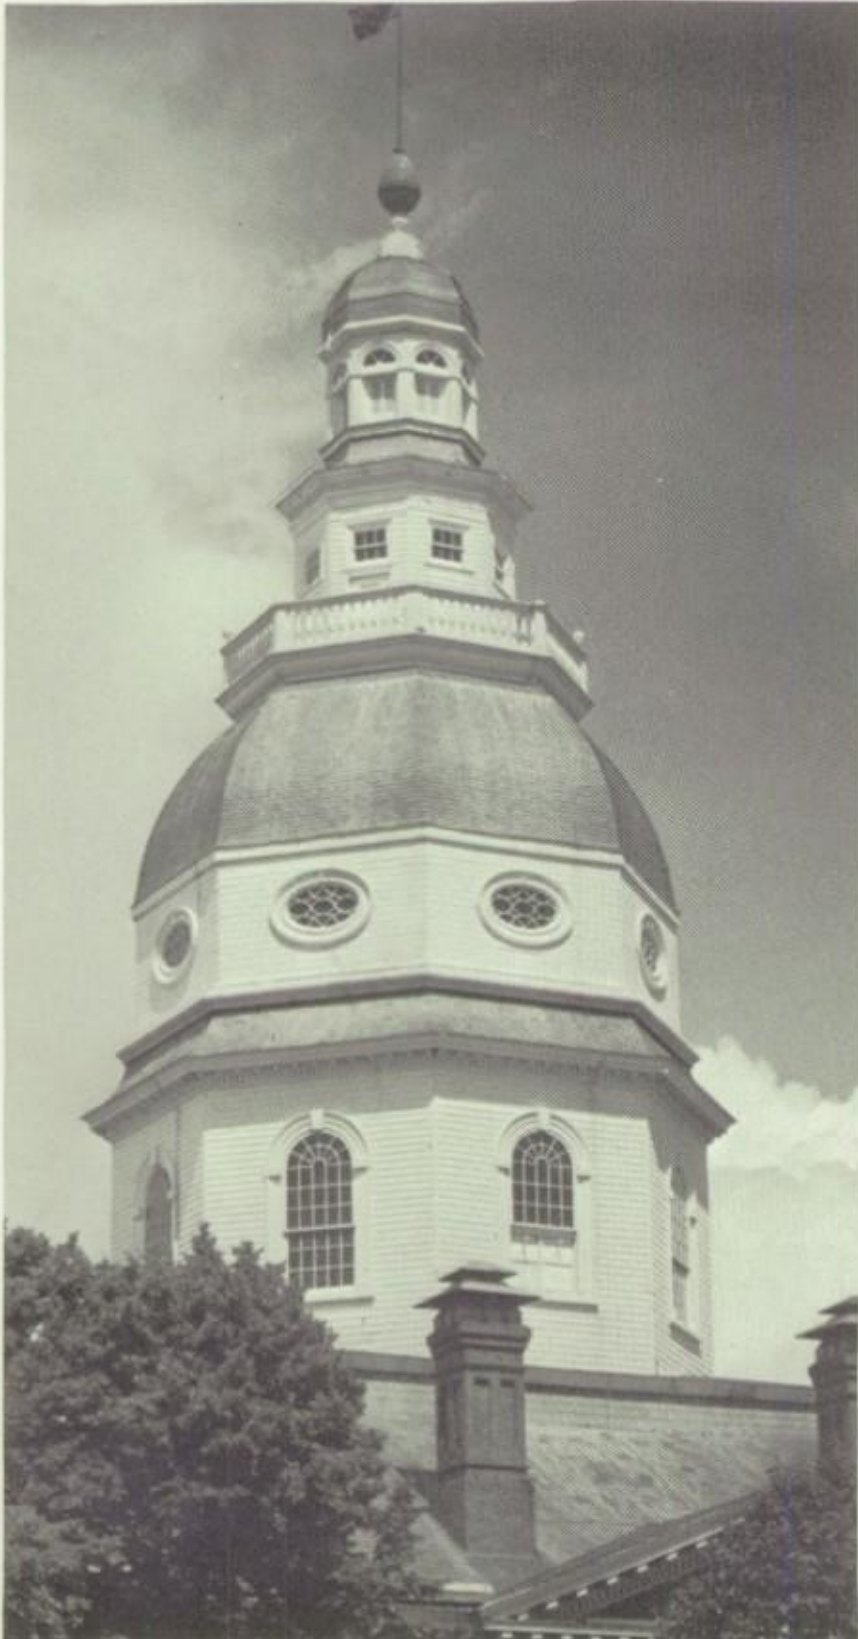

Anchor at
Naval Academy

The members of the graduating class of 1965 are honored to dedicate this yearbook to the State of Maryland. We take great pride in our state for it has given us a rich historical heritage and offers us such an abundance of recreational activities and scenic beauty. With the picturesque

Allegheny Mountains to the west, the clean white beaches of the Atlantic to the east, the tobacco fields to the south, and the fruitful foothills to the north, Maryland may be best described from the mountains to the sea as "America in Miniature."

To the Calverts who founded Maryland in 1634, Maryland was a dream of hope and freedom. Succeeding generations have preserved this vision. May we, as young adults dedicate our lives to these ideals and ever strive to make this vision a lasting reality.

The YEARBOOK

Which Follows . . .

. . . A Note from
the Editor-in-Chief

For the past 39 years the senior classes of Taneytown High School have combined their time and effort in publishing the TAHIAN yearbook. We, the graduating class of 1965, are proud to add volume forty to this list. To us the yearbook is an illustrated history of our lives. It is our hope that this edition will continue the tradition.

As your editor, it has been my pleasure to help compile this memorial to the school which

shall always live as an inspiration and guide. I wish future success and happiness to the members of the graduation class and to all students of T. H. S.

I would like to credit Danny Shriner and the Maryland Department of Economic Development for the loan of many photographs used throughout.

The FACULTY Follows . . .

Our Principal

Congratulations to the members of the Class of 1965. You have completed your high school program at a time when education is more important than ever before. You are about to make a place for yourself in a world that is demanding, but full of challenges

and opportunities. I hope that the years you have spent at Taneytown High School have instilled in you those qualities and characteristics so essential for success. Regardless of your future plans you will find that new responsibilities will be forced upon you. How you meet the challenge will help determine your future, the future of your community, and of your country. It is the duty of every citizen to make the best use of his abilities and to contribute to the general welfare. Remember what you have learned about our system of government and how it protects the rights of the individual. Be the kind of individual who is a credit to his country, his friends, and his school.

May happiness and success follow you and may you always justify the faith the faculty and administration have in you today.

We SENIORS Follow Our President

Peggy Knouse

On June 3, 1965, the many years, days and hours of schooling at Taneytown High School for us, the class of '65, will come to an end. Each of us will go a separate way into the future, but we will all carry with us forever binding memories of the pleasant and colorful activities of our class at T.H.S. We will remember the many dances which we sponsored; our Junior Prom, which reflected our long hours of working together to transform the auditorium into an underwater paradise; our Senior Christmas party at the Taney Inn; class night with our presentation of "Melody Madhouse"; our graduation ceremonies and our tears and happiness, pride and regret as we grasp our diplomas and commence beyond "these hallowed halls."

Follow . . . Our Seniors

While in school many opportunities will be put before you. This is done for your own good and I urge you to think enough of yourself to take advantage of it. It is hard to believe, but when you are in school, you're preparing yourself for life. You won't realize this until it is too late. So don't wait and be caught short; make the best out of your years in school. I assure you that you won't ever regret it.

In ACTIVITIES

Follow . . . Our Best Leaders

BEST LEADERS
Peggy Knouse
Oscar Fogle

As students we often follow leaders. We would rather follow the leader than be a loner and not included in anything. The students of T.H.S. can follow each other by joining and participating actively in the many clubs and sports which our high school offers. These extra activities are enjoyable, give the students a break from their regular class routine and enrich their minds. As students, you should try to get everything you can from school. Keeping up your school work and participating in the right amount of extra activities will give you a well-integrated and colorful school life.

MY MARYLAND

By James R. Randall

The despot's heel is on thy shore, Maryland, my Maryland!
His torch is at thy temple door, Maryland, my Maryland!
Avenge the patriotic gore
That flecked the streets of Baltimore
And be the battle queen of yore, Maryland, my Maryland!

Hark to an exiled son's appeal, Maryland, my Maryland!
My Mother State, to thee I kneel, Maryland, my Maryland!
For life and death, for woe and weal,
Thy peerless chivalry reveal,
And gird thy beauteous limbs with steel, Maryland, my Maryland!

Thou wilt not cower in the dust, Maryland, my Maryland!
Thy gleaming sword shall never rust, Maryland, my Maryland!
Remember Carroll's sacred trust,
Remember Howard's warlike thrust,
And all thy slumb'ers with the just, Maryland, my Maryland!

During the War between the States, James R. Randall, the author of the Maryland State Song, "Maryland, my Maryland" was living in the Confederacy. Its spirit reflects the bitter feeling following the passage through Baltimore of Union troops in 1861. The air is that of an old German carol.
